Our school initiatives are on track to meet or exceed our targets

During 2015, we focused on maximising the benefits of this funding for our students. After reviewing our 2015 Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Providing focused and intensive teaching for students requiring additional support, and extension, towards realising potential at, or above, year level achievement standards.
- Employing a Speech Language Pathologist to establish a structured oral language program for implementation by teacher aides.
- Enhancing ICT infrastructure, assistive technologies and resources to support 24/7 learning.
- Providing professional development through mentoring and coaching to ensure teacher proficiency in delivering High Yield and Explicit Instruction strategies.
- Building teacher capability in gathering and using evidence to differentiate curriculum and assessment, and to successfully implement ambitious but achievable individual curriculum plans.
